Service Pack for Fleet/Truck Navigator 5.x

Installation :
1.) Extract the ZIP-file for your system on your harddrive.

For PC-Version :
2.) Mark the content of the new folder and copy it to the installation folder of your Fleet/Truck Navigator-installation (eg. C:\program files\fleet navigator 5)

3.) Confirm all messages asking if existing files should be overwritten with Yes.

4.) The Service Pack now is installed.

For PND-Version :
2.) Insert the SD-memory card of your PND into the memory card reader of your PC.

3.) Mark the content of the new folder and copy it into the „Navigator" folder on the SD-memory card.

4.) Confirm all messages asking if existing files should be overwritten with Yes.

5.) The Service Pack now is installed.

Stand : 05.06.2009
